# WEDDING PHOTOGRAPHY PACKAGES-AFCMEDIA PHOTOGRAPHY STUDIOS

Anthony Fabrikant is a dedicated professional wedding photographer with experience. For all wedding packages, one of our Principal Photographers personally photographs the wedding, using Second Camera Photographers for the more expensive packages. Photographic Assistants are also used in the premium packages.

Please note the following

## General

The Three Wedding Photography Packages listed below are meant to serve as a guideline only. We bundle our Wedding Photography Packages based on past demand, but we are always willing to custom tailor the wedding photography package to your personal tastes. Call us to discuss your preferences and special requests.

Depending on your personal tastes, our Wedding Photography Packages can comprise traditional style of wedding photography, our ever popular casual tropical beach wedding photography, as well as more "avant-garde" photojournalistic style of wedding photography

## Photographers and Assistants

Over the years we have hand picked and trained a chosen few Principal Photographers. Our Principal Photographers shoot all weddings - we do not subcontract out any of our weddings to third party photographers. For the premium packages where a Second Cameraman is required, we use well trained and accomplished professional photographers to capture the detail photos.

We are also able to supply additional services such as photographers assistants, make-up artists and hairstylists. These services are available at short notice and at competitive rates.

## Equipment

In terms of Equipment, we have completely transformed our studio and services into Digital Photography. The image quality of the latest cameras exceeds the quality provided by film and allows us to change film speed in "mid-roll" and capture moments that otherwise would have been lost while changing film or camera bodies.

We shoot the entire wedding on the highest resolution Canon Professional Digital Cameras and we carry redundant backup equipment so that we are never vulnerable to equipment failure.

For our premium packages we light large interiors with location studio lighting – we carry over 2,500 WS of lighting, enough to light the most demanding environments. Lights are modified by large umbrellas and soft boxes that diffuse the light and provide that soft flattering light.

## What's included in our wedding photography packages

### PROOFING ALBUMS AND ORIGINAL DIGITAL IMAGES

Each wedding photography package is supplied with a beautiful 10" x 13" spiral bound proofing album that showcases your images. (The Platinum Package includes 3 proof albums)

Under each print is the image number allowing you to make quick and easy orders for reprints and enlargements.

We supply your images on DVD and/or CD's. These images are supplied in two resolution formats

- high resolution suitable for enlargements
- low resolution suitable for emailing and web site creation

You get your images plus **Limited Reproduction Rights** along with your package - **this is the equivalent of giving you the negatives**. This allows you to make your own enlargements and copies of your wedding photography at any photo store of your choice at a fraction of the price it would cost you to have the photographer do it for you. You are not tied to ordering your reprints or enlargements from us.

### ONLINE REPRINT AND ENLARGEMENT ORDERING

We do offer a high quality online reprint and enlargement ordering service at very affordable rates. This service is recognized as one of the best in the industry. Within 8 weeks after your wedding you will be able to view your images on line and place your orders. You can easily view and select the images, pay for them online through the secure server, and the images will be delivered to your door, typically in less than two weeks of placing your order.

This makes it very convenient for you, your family and friends to order reprints. This saves you considerable time and now you won't have to coordinate with everyone to find out who wants what in terms of reprints and enlargements - just send them to your password protected wedding page and let them order the images they want.

## ALBUMS

Over the years we have noticed that our brides all have such diverse personal tastes when it comes to the creation of their wedding albums. Therefore we have significantly discounted the prices of our wedding photography and **eliminated the Albums from our packages**. This allows the bride to choose her own type of album and create her own style of wedding album. We limit our services are to professionally photographing your wedding, supplying the proofs and original images for the albums, and giving you the reproduction rights to all the images.

If you specifically want us to do your album, we are able to provide these services at competitive rates. Please call for styles and pricing. We offer The Wedding Book, hand-made in Venice, Italy. Samples are on-display at our studio.

## TRAVEL

We are always happy to travel to your chosen destination. Charges for travel outside our normal area are added to your package price.

All Wedding Photography Packages include travel within a 25-mile radius of Scranton, PA - outside of the 25 mile radius we charge 40c per mile and \$50 per hour of travel time.

For Caribbean Island and Bahamas weddings, the client is responsible for all travel costs including, flights, accommodation, meals, transport etc.

### 3. PLATINUM WEDDING PHOTOGRAPHY PACKAGES

The Platinum Wedding Photography Package is definitely our most popular package with brides and grooms.

We take time to get to know you, the bride, and we take infinite care in capturing those precious intimate moments leading up to your wedding. We know how important it is to capture the essence, the mood and feel of this special day for you.

We slow down time, taking care to photograph those stolen moments in your final preparations, your time spent with family and friends, sitting in front of the mirror making last minute adjustments to your makeup, hair and dress.

We light your formal bridal photography with professional studio location lighting, and take care to photograph you in the most flattering soft light, often using soft focus lenses to create that beautiful romantic feel.

We also ensure that there is sufficient time allocated for formal family & friends group photographs, formal bridal photography, as well as full coverage of both the ceremony and the reception.

This approach leads to the most beautiful romantic bridal wedding photography. The Platinum wedding Photography Package includes: -

- Up to 8 hours of wedding photography, including a Second Camera Photographer that captures those moments happening off camera that the Principal Photographer is unable to capture while concentrating on the bride and groom
- We provide full studio quality lighting for formal portraiture, bridal photography and the ceremony
- Capturing as many as 1,000 original images
- We select the best images and supply three (3) spiral bound 10" x 13" proof albums, one for yourself as well as one for both sets of parents which includes the following
  - Custom designed front cover featuring a stunning picture of you and your Groom, your wedding date and location.
- Approximately 200 - 300 professionally processed color images
- Approximately 50- 100 photojournalistic style professionally processed black and white images
- All images scanned to Compact Discs (CD's) with both hi-res and lo-res images included
- Reproduction Rights are assigned to you allowing you to make your own reprints and enlargements.
